

In 2022

The U.S. Fish and Wildlife Service provided \$5.4 Million for 78 on-the-ground conservation projects across 37 States. Partners provided a 9-to-1 funding match with an additional \$47.6 Million supporting the 78 projects.

Since 2006

The National Fish Habitat Partnership implemented 1,299 conservation projects in all 50 States.

From 2017-2022

Conservation project funding of \$23.7 Million from the U.S. Fish and Wildlife Service has been leveraged by \$167.8 Million in matching partnership funds.

Our Mission

is to protect, restore, and enhance the nation's fish and aquatic communities through partnerships improving the quality of life for the American people.
