# Reflections/Highlights

- NFHP (with SFBPC) is still in its Infancy (~24-years of history, evolution, & still maturing).
- Took 4-years (combination of the SFBPC & NFHI) to craft the 2006 Action Plan
- NFHP 2020 enabling legislation (PL 116-118, Title, II) is only 4-years old.
- NFHP is subject to LOSS OF institutional history & knowledge.
- Periodically assess & clarify ALL NFHP related roles, expectations, capacities, CONTRIBUTIONS of the FHPs, Board, & Partners (not just FHPs).
- Federal Caucus Model, aka the **IOP**, as envisioned by both NFHAP editions is universal.
- Recognition of NFHP founders & other past contributors at 20th Anniversary of 2006 NFHAP Endorsement?
- There are no NFHP implementation silver bullets and short cuts, or there would be no need for NFHP.

# AFTER THE FACT

- 75 Attended the May 15, 2024 Webinar
- 323 Views NFHP Youtube web site after posting on May 15 (slides posted)
- Received requests for more background help and opinions
- Follow-up Example: AFWA, Regional Associations, FHPs have publicized and referenced
- FHPs & NFHP Board discussed NFHP awareness concerns:
  - Does every Board Member have a link to the NFHP web site on its site & highlight awareness of his or her participation & their sponsoring entity related to the stakeholder category they represent?
  - Example - AFWA regional associations could add the FHP map of all FHPs in geographic area
- Use electronic NFHAP version of 2006 to integrate hypertext links to sections of PL 116-188, Title II, finish IOP then decide what type of a new Action Plan type of document is or isn't needed..

# **Board & Attendees Discussion**

- **Was this of Value?**
- **What follow-up are you aware of or did you implement?**
- **Suggestions?**
